

Environmental Policy

George Roberts (NW) Ltd recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation, and seek to minimise this as far as is reasonably practicable.

George Roberts (NW) Ltd is committed to:

- Continual improvement in its environmental performance
- Preventing pollution
- Compliance with all environmental legislation, regulations and codes of practice relevant to the industry sector in which it operates.

It is the policy of George Roberts (NW) Ltd to:

- Make efficient use of natural resources by conserving energy and water, minimising waste, and recycling where possible
- Assess our organisational activities and identify areas where we can minimise impacts.
- Purchase sustainable products wherever feasible [e.g. recycled, FSC or low environmental impact products and energy from renewable sources].
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency
- Continually assess the environmental impact of all our operations.

George Roberts (NW) Ltd will review this policy on annual basis, taking account of any changes within legislation and our organisation, and other factors.

We will communicate this policy to all our employees and ensure that they are given appropriate training to raise awareness of environmental issues.

George Roberts (NW) Ltd will make this policy available when requested to interested parties including members of the public.

George Roberts
